VOL. CXXXVII.—No. 244 *The Gateway to the South* ALEXANDRIA, VA., THURSDAY, OCTOBER 13, 1921 *The Gateway to the South* PRICE TWO CENTS

WASHINGTON DAY BY DAY

(From Our Special Correspondent)

Washington, Oct. 13.—It is doubtful if there is a member of either branch of Congress who is a more constant visitor to the White House than Senator Calder, of New York. When the New York Senator is not seeking preferment for some of his constituents, he is calling upon the President to extend him an invitation to visit the Empire State upon one occasion or another. In fact, Calder has come to be known as the "invitation Senator." He has extended so many "invites" to the Chief Executive that the government's business would be sorely neglected if Mr. Harding accepted one-hundredth part of them.

"Good Morning, Senator," was the greeting to Calder as he emerged from the President's work room this morning, "what is the nature of your invitation today?"

"Oh," replied the Senator, "I am only asking the President to attend the dinner to be given in New York sometime this winter by the Tennessee Society."

Captain Holmes, the President's naval aide and in command of the Presidential yacht Mayflower, is sorry that the cold weather is approaching. While the President and his wife have taken many week-end parties on board the Mayflower during the summer months, it is not likely that they will spend very much time on the water now that winter weather is near at hand. However, Captain Holmes will shine when the official social season at the White House opens. He is a handsome officer, of fine military appearance and contributes dignity and poise to any state function.

Representative Zihlman, of Maryland has a rather fiery constituent living in Garrett County. It is evident that he is preparing to pay his respects to some friend or foe in vigorous language. Here is the question which this fire-eater propounded to the Maryland Congressman yesterday:

"Would it be all right for me to call a man a liar and a rascal through the mail?"

Mr. Zihlman sent his constituent a copy of the postal laws and regulations which point out heavy punishment for sending through the mails profane matter, leaving to the farmer to decide if his intended language comes within that classification.

The Goddess of Liberty on the Capitol dome is 57 years old. She was the work of Thomas Crawford, the sculptor, and was cast at Bladensburg, Md. The statue was erected in 1863, when Washington was under military rule during the War Between the States.

The figure is made entirely of bronze and the points of the crown of the Goddess are tipped with gold. The statue weighs 14,985 pounds and is 19 feet 6 inches high. Cast in five sections, the figure stood in front of the Capitol for one year before it was hoisted to the dome. Liberty has been struck by lightning several times but no serious damage has been done.

Two bearded government scientists met at the lunch counter in Washington a few days ago and soon became absorbed in discussion.

"There is a little gin in the basement of one of the main buildings," said one of them to the other.

"Let me pay your check," said one of the scientists who had been sad and solemn.

"No, let me pay it," insisted his companion.

"No, I will pay my own check," said the expert who caused the commotion. "but if you will hurry up your lunch I will lead you to the gin."

The lunch over, the "wise guy" led his companion to the basement of a nearby Federal building. The room they entered was partly filled with small bags of cotton. In a corner was a small machine which was separating the seed from samples of cotton.

"There it is." said the leader.

It was a little gin.

Here is a deep, dark secret known only to the Ku Klux Klan, now under investigation at the Capitol.

An order was recently given to one of the House Office Building employes to remove the chairs from one committee room to another. Quietly he proceeded to carry out instructions but when he opened one of the rooms in question, lo and behold! he saw a group of Congressmen and some friends busily engaged with the "pasteboards," while others were playing "African golf." But that was not all. Many bottles of "wet" goods were standing around to fortify the spirit of the depressed legislators who had been frowned upon by Dame Fortune.

ISAAC GREGG.

BAZAAR AND SUPPER

The annual bazaar and supper opened last night at St. Rita's Hall, Mt. Ida, with a large crowd. Many beautiful articles are on display. The booths are most attractively decorated, and the supper, which is most excellent, is served in the usual good style and promptness for which the ladies in charge are justly famed.

The bazaar is in progress tonight and will close Friday night.

WILL ARREST DOG OWNERS WITHOUT TAX

Crusade Launched by State Authorities Against Owners of Unlicensed Dogs

26 CITED INTO COURT

Estimated by State Officials That There are 2000 Dogs Here—Only 1000 Licenses Taken Out Thus Far

The Virginia game warden authorities have launched a crusade in this city against the owners of dogs on which the state license tax has not been paid. As a result 26 persons were cited to appear today in the police court. Only about twelve put in their appearance. In each case the parties were required to report to the city treasurer's office and take out the required license and in addition to pay a fee of $1 which goes to the game wardens, that being their fee in every case where a conviction is obtained.

The work here of locking up unlicensed dogs is in charge of P. L. Thornton, supervising game warden of Virginia and Howard Smoot, game warden of Arlington county. The license tax was due February 1. The tax for a male dog is $1.05 and the tax for a female is $3.10.

It is estimated by the game officials that there are approximately 2,000 dogs in the city of Alexandria and only about 1,000 licenses thus far have been obtained by the dog owners.

All who were cited and who failed to appear it was stated, will be subject to arrest and the imposition of a fine of $5. All persons who today denied ownership of the dogs or said that they did not desire to keep the dogs, Justice Snow ordered the canines destroyed.

It was announced by the game wardens that owners of dogs are required by the law to have the tags worn by the dogs.

The work of the game wardens here will be continued till all of the owners of dogs who have failed to take out a license comply with the law.

LIBRARY ELECTS

Mrs. S. L. Monroe Re-Elected President—Annual Reports of Officers Show Growth

The Alexandria Library Association held its October meeting at the residence of Miss Emily Gibson Tuesday of this week. The following were elected officers: President, Mrs. S. L. Monroe, vice president; Miss Loula Smoot, secretary; Mrs. Dabney Herndon, treasurer; Mrs. W. B. Smoot, chairman of book committee; Miss Emily Gibson, committee, Mrs. George R. Hill, Mrs. Robert Powell, Miss Loula Smoot, Mrs. W. B. Smoot, and Mrs. George P. Anderton.

The annual report of the various officers were most encouraging as to the growth and maintenance of this important little institution.

The library is now entering upon its twenty-fourth year of activity and it may not be known that it is supported by the income derived from subscriptions. The price of subscriptions has not been raised and this too, in spite of the fact that the cost of books has practically been doubled the past four years.

There are 187 subscribers and it will be a matter of surprise to those who do not know what an important little institution this is, to learn that 13,680 books were circulated last year. The Librarian, Miss Green, reports constant use of the free reading rooms, especially by young people, this is very gratifying, as the management has endeavored to make this feature attractive to the public. She also reports she has had greater demand and supplied more books of reference the past year than any previous year. Also there has been a good circulation of standard authors, Scott, Trackeray, Trollope, Dickins, etc.

The library has been fortunate this year in having gifts of splendid books given by Mrs. Anson Dodge and Mr. William P. McKnight, these books are of interest to both young people and grown-ups. The management is ever looking forward to the day when ways and means may be devised, by which the library may have a building of its own to house its rapid growing collection of books

At present its quarters are on the second floor of Lee Camp Hall, Prince street, and is open to subscribers and visitors, Monday, Wednesday, and Friday, 3 to 5 p. m.; Tuesday, Thursday, and Saturday, 7 to 9 p. m., and the price of a subscription for a whole year is only $1.50.

Mr. M. E. Moriarty who has been visiting friends and relatives in Fairfax, has returned to her home in North Patrick street.

Mrs. Carlton A. Padgett, who recently underwent an operation at the Alexandria Hospital, has returned to her home in South Royal street, much improved.

SCHOOL BOARD MEETS

Urge Speedy Construction of New School—To Grade And Sod At High School

The regular meeting of the city school board was held last night.

There were present the chairman, Dr. S. B. Moore, Messrs. E. L. Leadbeater, Charles E. Tennesson, Gilbert J. Cox, C. Ashby Bladen, R. M. Colvin, James Bayne, T. Calvert Perry and Superintendent Sweeney.

The new supervisor of instruction, Miss Mary D. Pierce, was present, and made a very interesting and instructive talk on school conditions as they presented themselves to her. Miss Pierce made certain suggestions and outlined plans for the work, especially emphasizing the importance of the children completing a grade a year, thus saving the time of the child and reducing school expenses by getting the pupils through the grades regularly and promtply.

The special committee reported they had fitted up a room at the High School and employed another teacher to relieve the congestion in the first year class.

The superintendent reported there was also great congestion in the 2nd and 3rd grades, white schools and in the 7th and 8th grades of colored schools, and additional teachers were authorized.

The board also authorized the placing of "Thrift Banks" in the schools to encourage the children to save.

The Y. M. C. A., made an offer to furnish physical training in the High School. It was referred to the committee on athletics.

Quite a good many repairs were reported as having been made and the current bills were ordered to be paid.

The delay to the new school building was requested to urge council to speed up the work.

The clerk was instructed to advertise for bids for grading and sodding the terrace in font of High School Building, on Cameron street, also to request council to erect auto speed signs for the protection of Lee School children at King and Henry streets. King and Patrick, and Prince and Alfred, also to request council to pave West street from King to Cameron.

SENATOR KNOX DIES SUDDENLY LAST NIGHT

Stricken With Paralysis At His Washington Home. Lives Only 15 Minutes . .

JUST FROM EUROPE

Pennsylvania Senator Was On Floor Of Senate Just Before Being Fatally Stricken.

Washington, Oct. 13.—Philander Chase Knox, Senator from Pennsylvania and Secretary of State under President Taft, died suddenly at 6:30 o'clock yesterday evening at his home here. He was stricken with paralysis after descending the stairway on his way to the dining room for dinner and passed away 15 minutes later without regaining consciousness.

Mrs. Knox and the Senator's secretary, W. F. Martin, were near the Senator and hurried to his aid. Dr. Samuel Adams was summoned immediately, but he found Mr. Knox beyond medical aid.

Senator Knox returned to Washington only last Monday night from a trip to Europe with Mrs. Knox, and he attended the sessions of the Senate Tuesday and yesterday. Leaving the chamber about 5 o'clock yesterday afternoon, the Senator took an automobile ride through Potomac Park and stopped on his way home to purchase tickets for a theatre performance last night. Reaching home the Senator went to his library, where he remained until summoned to dinner.

President Hardin, Chief Justice Taft, Senator Lodge, of Massachusetts, the Republican leader; Senator Penrose, Pennsylvania, and other friends and close associates of Mr. Knox were soon notified of the Senator's death. The news came as a shock to all official Washington, for the Senator through his services, first as Attorney General under Presidents McKinley and Roosevelt and later as Secretary of State under President Taft, had a wide circle of friends in all walks of public life, Congressional, diplomatic and legal.

Arrangements for the funeral will be made tomorrow after the arrival in Washington of Senator Knox's sons, Reid Knox, of Valley Forge, Pa., and Hugh S. Knox, of Stratford, Pa.; and daughter, Mrs. James R. Tindall, of Valley Forge. A third son, Philander Chase Knox, Jr., resides in Washington.

The Senate will meet tomorrow and adjourn out of respect to the late Senator, and with the House will name a committee to attend the funeral. Senator Knox's home was in Pittsburgh, and he also had a summer home at Valley Forge. The place of burial has not yet been announced.

TRENT AMALGAM PLANT STARTS PRODUCING FUEL

Alexandria's Newest Industry, Manufacturing New Fuel, Begins Operations

COAL SUBSTITUTE

Manufacturers of Patented Fuel Claim it Will Revolutionize the Coal Industry of the World.

Alexandria's newest industry, the Trent Amalgam Company, which has leased the plant of the Virginia Shipbuilding Corporation, began operations on a large scale today. The product of this company, which is a new fuel prepared from cheap ingredients by a patented process, will, it is confidently believed by its manufacturers, revolutionize the industrial use of fuel.

This new fuel is manufactured by the amalgamation of the heat-producing elements of the cheapest grade of coal obtainable, and fuel oil, which is crude oil from which the more volatile substances have been removed. In the process of manufacture, practically all the ash is removed, so that the amalgam is practically concentrated heat and nothing else.

Mr. Trent gave the Gazette reporter some very interesting facts and figures. Anthracite coal costs in the neighborhood of $15.50 per ton, and tests show it to produce about 13,500 British thermal units, the standard of measurement of heat-producing qualities. The new fuel can be delivered in Washington for about $8.50 per ton, and in Alexandria at an even lower price. This fuel will produce 15,600 to 16,000 British thermal units. Also, one ton of the new fuel is equivalent to about one and one-third tons of the best coal obtainable. Anthracite coal leaves about 18 per cent ash; all the ash but a scant two per cent is extracted from the amalgam during the process of manufacture.

The coal from which the amalgam is made is crushed so fine that it will pass through a screen of 200 meshes to the inch,—hardly more than a vapor. This is washed in pure water and passed from one large wooden tank to another, so that finally, when it is ready to be combined with the oil, all non-volatile substances have been deposited at the bottom of the tanks, and the heat-producing elements of the coal are held in suspension in the water, the oil then being added, and the resulting compound or amalgam being again washed to further reduce the amount of waste product, this washing also serving to thoroughly combine the pulverized coal with the oil.

The amalgam is then carried over a vibrating screen which removes the water, and is loaded by means of a belt conveyor into cars ready for shipment.

The first product of the plant, which will be ready today, will go to the plant of the Alexandria County Light ing Company to be used in boiler tests and is expected to show a great saving in fuel, greater ease in handling, and demonstrate beyond question its superiority to coal for steam production.

As a domestic fuel, for use in steam-heating plants, furnaces and stoves, this new fuel will be equally valuable and economical.

The plant is built in units in batteries of four, each unit of which will produce 250 tons per day, or a total of 1000 tons when the plant is exerted to its fullest capacity. At present there is one unit of 250 tons in operation, and another being installed, so that in a few days the production will reach 500 tons in 24 hours

This fuel is the invention of Mr. W. E. Trent, who is in active charge of the plant.

City Chairman John U. Schwarzmann has received word from Colonel Henry W. Anderson, nominee for Governor of Virginia on the Republican ticket, that he will be in Alexandria on the night of November 3, and

BULLETIN

In the 7th inning of eighth game of the World's Series the score was 1 to 0 in favor of the Giants.

Bible Thought for Today

GIVING AND GETTING: —Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again.—Luke 6:38.

SHOT THROUGH HEAD

Staff Sergeant Eckman Found Dead At Camp Humphreys

Harry A. Eckman, 39 years old, staff sergeant of the 13th Infantry, Camp Humphreys, Va., was found in his quarters yesterday with a .45-caliber bullet through his head. A camp surgeon was summoned, and upon examination he found Sergeant Eckman had been dead several hours.

An investigation was made and it was stated that the pistol beside the body belonged to Sergeant Eckman. The authorities at the camp are of the opinion that the wound was self-inflicted.

The body of Sergeant Eckman was removed to Demaine's mortuary chapel and will be shipped today to San Diego, Cal., for burial.

TALK ON SCHOOLS

Miss M. D. Pierce And Captain W. H. Sweeney Address Kiwanis Club Today

Miss Mary D. Pierce, supervisor of instruction in the public schools of the city and Captain W. H. Sweeney, superintendent of schools, this after noon addressed the members of the Kiwanis Club at the weekly luncheon of that club held in the Westminster Building.

Both spoke on the school situation here and the addresse were listened to with close interest by the sixty members of the club in attendance. The occasion was the weekly luncheon of the club. In the absence of President Williams, J. Randall Caton, Jr., presided. Boost prizes were distributed by H. Noel Garner.

PROPERTY TRANSFERS

M. B. Harlow has sold to Hyman Wolfson a house and lot on the west side of Lee between Wolfe and Wilkes street and Mrs. Dorcas Summers has sold to William P. Woolls a house and lot on the east side of Henry between Cameron and Queen streets.

U. S. DELEGATES AGAINST SECRET CONFERENCES

Will Propose That General Sessions on Disarmament Be Open to the Public

SECRETARY NAMED

Basil Miles is Choice. Pacific Communications Suggested as Addition To Agenda.

Washington, D. C. October 13.—The American delegation to the Armament Conference held its first meeting yesterday effected a permanent organization, made a general survey of data gathered for its guidance and began discussion of the questions of policy that are to charactertize the position of this Government in the coming negotiatione.

"Open Door" Favored

One of the first specific subjects to be considered was the problem of open or closed sessions for the Armament Conference, and discussion is said to have revealed considerable sentiment for opening the doors whenever the entire body of delegates meet to register important decisions.

Other and broader questions of policy also were given detailed examination during the three-and-a-half hour meeting of the delegates, and last night the delegates continued their discussions and heard the views of President Harding at a White House dinner. No date was set for the next meeting, but it was indicated that another consultation was probable early next week.

None of those present at the meeting would reveal details of the deliberations regarding publicity for the conference sessions, but the impression was given that this Government might lay before the delegates after they assemble here on November 11 a proposal that all full sessions of the conference be open to the press. The recommendation, it was said, would not apply to the meetings of individual national delegations, committees or other subordinate bodies where the real decisions of the negotiations may be made, but would give publicity to such gatherings as that which will mark the opening of the conference and to the sessions where formal votes on pending questions are taken.

Conference to Decide

The question, however is one which the conference itself must decide and it is expected that the American delegation will take every precaution not to appear to urge its opinions on the representative of other powers.

Yesterday's meeting of the del-

Philadelphia Masons Tendered Banquet

250 Attend Feast Last Night In The Young People's Building---Vaudeville Entertainment Follows

DEGREE PRECEDES BANQUET

Flags Presented Alexandria-Washington Lodge by William L. Elkins Lodge and Copy of C.H. Callahan's Book Given Visiting Lodge—Visitors Return to Washington After Midnight and Take Train For Home.

Alexandria-Washington Lodge of Masons last night was the host to about 100 members of William L. Elkins Lodge No. 646 of Masons of Philadelphia at a banquet served in the Young People's building which was attended by about 250 Masons, in including the local members of the lodge.

Prior to the banquet there was a meeting of the local lodge and before the meeting the Washington relics in the lodge were shown the visitors by George W. Zachary, tiler, who delivered a lecture. Important speeches were made by a number of the visitors at the lodge meeting.

Two handsome silk flags were presented to the local lodge by Elkins Lodge and on behalf of the local lodge Rev. Dr. John Lee Allison, presented C. G. Hopper, worshipful master of Elkins Lodge with a de luxe copy of the book written by Charles H. Callahan, entitled "Washington the Man and the Mason." P. E. Clift, worshipful master presided.

The menu follows:

Celery Olives Pickles
Grapefruit
Baked Chicken
Candied Sweet Potatoes, Asparagus
Green Peas Creamed Potatoes
Virginia Corn Bread, Biscuits
Ice Cream Fruit Cakes
Cigars Cigarettes
Coffee

At the conclusion of the banquet six professional entertainers from a vaudeville circuit furnished an entertainment. Recitations were given by A. J. Rhodes of this city.

The visiting Masons had planned to leave Alexandria at 11.30 o'clock but owing to the fact that the banquet and entertainment was longer than anticipated they remained here till half an hour after midnight after which they left in automobiles for Washington boarding the train in that city an hour later than planned. The officers of the visiting lodge follow: C. G. Hopper, worshipful master; G. P. Shaw, senior warden; C. F. Coulter, junior warden; A. C. Middleton, treasurer; J. A. Hamer, secretary; J. McClintock, senior deacon; R. F. Chudley, junior deacon; S. M. Mason, senior steward; W. C. McCarter, jr., junior steward; C. N. Dunham, chaplain; H. B. Smith, tiler.

PRIVILEGES TO WOMEN

The Westminster Bible Class has opened its doors to ladies of the church and their friends Thursday, evening from 7:30 p. m., to 10 p. m. Chaperones will be glad to meet any ladies who wish to take advantage of this opportunity for exercise. Baths or gymnasium or games will be in the hands of the best teachers available and the class hopes to see a number of their lady friends take advantage of the games as well as of exercise.

Remember the time, every Thursday evening.

Men's bowling Monday, Tuesday and Saturday evenings, 7:30 to 10 p. m. To this we welcome all men to come and join us in our work to help the other fellow as well as himself.

This class is doing a big work. They have a sick committee, church committees of different kinds, and are now contemplating on a free labor bureau.

We especially invite the men who do not attend any Bible Class.

Come and bring a friend.

Boys' evening, Friday, 7:30 to 10.

The class meets every Sunday at 10 o'clock.

To this is extended a hearty welcome to all men of the city.

COLUMBUS DAY

K. of C. Celebrate In Their New Home Last Night

With their new hall draped with the Stars and Stripes, the local council of the Knights of Columbus last evening held one of the most enjoyable social meetings in many years. The members of the order enjoyed a genuine intellectual treat when Andrew J. Hickey, of Washington Professional Circles, addressed the council on American Citizenship and extolled the memory of Columbus, whose ideals led to the adoption of the order's name.

Mr. Hickey was one of the most interesting speakers that those present had heard for a long time, and his clear, concise treatment of his subject showed the abilities of the speaker and the basis of his leadership among the people of the national capital.

District Deputy, William P. Woolls, gave a short talk, and spoke of the success of the order in other parts of the State.

Rev. Father Van Ingleham, of Falls Church, Virginia, was present, and together with the Rev. Louis Smet, chaplain of the organization, gave a short address.

Refreshments were served, and a most enjoyable evening was had by all. The Grand Knight appointed his new committees and lecturer.

Brother Raymond Hellmuth was appointed lecturer for the new year, and performed the duties of his new office for the first time last evening

The attendance of members at the new club rooms indicate the popularity of the new K. of C. location, and promises for the order much success in the future.

GIANTS AGAIN

Yankees Lose Seventh Game Through Errors—Score 2 to 1

New York, Oct. 13.—The Giants need just one more game. They won from the Yankees yesterday by a score of 2 to 1, and for the first time they lead in the World Series. The total is 4 to 3 in their favor.

Hitherto the issue has hung upon the deeds of heroes. Superman has slashed at superman. The battles have been above the clouds. But yesterday proved that after all professional ball players are a little less than the angels.

There is every probability that Carl Mays would have pitched a 1 to 0 shut out but for Ward. Walt Whitman once wrote a poem dedicated to all men who failed, soldiers who lost in battle and sailors who went down with their ships. There ought to be something of this lyric quality in any chronicle of the errors of Aaron Ward. They were the mistakes of a very gallant player who has been a bulwark all through the season and the series. He was brilliant today making some amazing stops and throws. He faltered just twice and that was enough to lose the tightest game of the series.

RESPOND TO CALL

Already a number of people have responded to the plea of the Near East Relief committee in this city, and have sent warm clothing to 612 King street. These articles have been gratefully received and the committee appreciates any gift that is sent. There is need for all that can possibly be collected and your donations are urgently soliicted. Send them to the above address between 9 a. m., and 5 p. m.

ENROLL 12 MEMBERS

Dressmaking Class Of Y. M. C. A., Has First Meeting

The dress making class under the Ladies' Auxiliary of the Y. M. C. A., had its first meeting at the Chamber of Commerce last night with an enrollment of twelve. The instructor in charge is Mrs. Grace Bernard, of the National School of Domestic Science and Art, of Washington.

Extra tables and lights were provided for the class so that they might begin at once the practical side of the tasks to be undertaken. Mrs. Bernard soon had the class assigned to tables and machines and the work of "dress making" was on. The class will make just as rapid progress as its ability will permit, the object being to cover as much ground as possible. The class will accept a few more students at the next session, but enrollments will not be accepted after the class has been fully organized.

The class will meet each Wednesday evening at the Chamber of Commerce at 7:30 o'clock. Information regarding enrollment may be secured any time by calling the Y. M. C. A.

Miss Frances McDermott and Miss Ellen Stolp have just returned from Richmond, Virginia, where they attended the Virginia State Fair.

Entered at the Postoffice at Alexandria, Virginia, as second class matter

TODAY'S THOUGHT All government — indeed, every human benefit and enjoyment, every virtue and every prudent act,— is founded on compromise and barter. Edmund Burke.

LYNCHBURG CITY MANAGER

The Gazette has just received from E. A. Beck, city manager of Lynchburg, Va., a typewritten copy of that gentleman's report for the administrative year ending August 31, 1921. We have had occasion before to refer to its illuminative pages, in our recent campaign for the adoption of the city manager plan in Alexandria. The Report is replete with data, explanatory blue-print maps, and statistics of various kinds, and is an exhaustive document clinching all argument in favor of this form of municipal administration.

We return our best thanks to City Manager Beck for his courtesy, as well as to Mayor Fred Harper for previous favors. We shall present our copy to the Chamber of Commerce, for its archives, in order that all interested may enlighten them selves as to the marvelous accomplishments attainable under a city council of five and a competent city manager.

VIRGINIA'S MANUFACTURES

The Gazette has just received the Census Bureau's summary of manufactures in the United States for 1919. Virginia ranks seventh in the value of products among the Southern States, her output for that year being valued at $641,810,000 Texas is first, with just four thousand dollars under a billion, North Carolina comes second, with $903,808,000; Maryland, with $873,945,000; Georgia, with $693,556,000; Louisiana, with $676,190,000; Virginia, as stated with $641,810,000; Tennessee, with $556,253,000. Then, in order come Alabama, Oklahoma, South Carolina, Kentucky, Florida, Arkansas, and last, Mississippi, whose output was $197,747,000.

The first state in point of value products, was, of course, New York, with an out-put of $8,875,000,000. Then came Pennsylvania, with $7,312,000,000. Third in order was Illinois, with, $5,874,000,000; fourth, was Ohio, with $5,100,000,000; fifth, Massachusetts, with $4,000,000,000. Then came New Jersey, Michigan, California, Indiana, and Wisconsin, in the order amed.

Virginia, with geographic advantages of the most favorable nature; with near proximity to the greatest coal-fields in the world; with tide-water facilities; and with a climate equal to the best, should rank much nearer the top. It is only a matter of human will with her, and the signs are most encouraging that this is developing. North Carolina has no possession that does not pertain to Virginia, and still she surpassed her in 1919 in the manufacturing out-put by 300 millions of dollars.

Alexandria, a tide-water town, with enormous coal-fields at her door, accessible to all classes of raw material blessed in climate and topography, should be one of Virginia's great manufacturing cities. We think that sometime in the future a judicious advertising campaign, planned by an advertising expert of national reputation, and engineered by our Chamber of Commerce, would produce results satisfactory to the most sanguine. We feel confident that $25,000 expended in the right way would attract nation-wide attention. Under the law of averages, this should bring at least three factories to our town, with a joint payroll of, say, not less than $100,000 a year. What would this mean to our merchants, to our banks, to our entire population?

At any rate it is worth going after! One thing is certain, unless we bestir ourselves and let the world know we are on the map we shall never arrive!

OUR MASONIC VISITORS

Alexandria-Washington Lodge was honored last night by the visit of a hundred members from the William L. Elkins Lodge No. 646, A. F. and A. M., of Philadelphia. This was the return courtesy of the local lodge, who visited their sister lodge last spring, and were tendered a welcome, the warmth of which will never be forgotten. The custom of this interchange of visits is truly a fraternal one, and we trust will continue in the future as in the past, cementing the ties that now exist and should always exist between these masonic lodges. Alexandria was proud to have so distinguished a body from the Quaker City in her midst.

GIRLS SCOUTS DARNING CIRCLE STARTS SATURDAY

The Girl Scout darning circle will begin Saturday, October 15. Their aim is to darn stockings for the people of Alexandria at the rate of two cents a large hole and one cent for the smaller ones. Anyone who has stockings to be darned, take them to Mrs. Petty, 201 Duke street. Be sure the stockings are bundled up with a piece of paper around them bearing the name and address. Scouts, don't forget to meet at the St. Paul's Parish Hall, Saturday, at 3:00 p. m., to darn.

Don't forget the regular babies club tomorrow at 3:30. It is hoped that a large crowd of babies and Scouts will be present. The regular Scout meeting will be at 7:30 p. m.

All mothers are requested to be present at this meeting to discuss with Captain Jones and the Scouts plans for an oyster supper and a rummage sale. Without them we can do nothing, we need their help.

It is hoped that in the near future the Girl Scouts will hold a prominent place in the community. They are now doing namely, gymnasium, Monday afternoon at 3:30, domestic science every Thursday at 3:30 p. m., the fee to take up the course is ten cents a lesson, the Babies Club every Friday at 3:30 p. m., and the darning circle. Aren't they helping you? Let them. They hope to do better in the near future.

CITY NEWS IN BRIEF

The Republican Committee of this city will hold a meeting tonight at 115 North Washington street.

Alexandria Local Union, No. 1665, of Carpenters and Joiners will hold an important business meeting tonight in its hall in south Royal street, at 7:30 o'clock.

Mr. R. M. Miles, of the Virginia State office of the Young Men's Christian Association, is in Alexandria today in connection with the work of the State Committee.

There will be a called meeting of the Retail Merchants' Bureau of the Chamber of Commerce Monday night at 8 o'clock.

The Woman's Auxiliary of the Second Presbyterian Church will hold a rally day service in the Westminster Building on Friday evening, at 8 o'clock. Friends are cordially invited to be present.

The Old Dominion Boat Club will hold a meeting tonight at its clubhouse when considerable business of importance will be for consideration.

A called meeting of the retail merchants' bureau of the chamber of commerce will be held at 3 o'clock Monday night.

The regular monthly meeting of the American Legion, which was post poned from last Friday night, will be held tomorrow night, at 8 o'clock in the Chamber of Commerce rooms.

Friday night at 7:30 o'clock, the Woman's Cooking Class, under the supervision of the Women's Auxilary, of the Y. M. C. A., wil hold its first session.

A large number of Girl Scouts and other girls took advantage of the cooking classes offered by the Womans' Auixliary of the Y. M. C. A., yesterday afternoon in the Chamber of Commerce rooms.

Due to an error, it was stated in this column yesterday that the Old Dominion Boat Club was to hold a meeting last night. This meeting is slated for tonight and it is hoped that a large number of the members will be present as much business of importance is to be brought up.

The funeral of G. Raymond Acton, who died yesterday in Washington, will take place at 11 o'clock tomorrow morning from the residence of his sister, Mrs. Isaac Gregg, 219 South Alfred street. Services will be conducted by Rev. Percy Foster Hall rector of St. Paul's Episcopal Church.

There will be a meeting of the Samaritan Rebekah Lodge, No. 27, tomorrow night at 7:30 o'clock in its hall on the fourth floor of the Alexandria National Bank building.

Mr. Marvin Hudson left last evening for Auderwreid, Pa., where he will join his fiancee, Miss Hilda Lewis, at her home on that place. He will be accompanied on the trip by Miss Francis Dunn, of Washington, who will play the wedding march at the wedding of Miss Lewis' sister which will be held Saturday. They will return Sunday.

U. S. DELEGATES AGAINST SECRET CONFERENCES

(Continued from page one)

egates was held in the office of Secretary Hughes, head of the delegation, whose colleagues, Elihu Root, Senator Henry Cabot Lodge and Senator Oscar Underwood, formally delegated him to act as spokesman in making public such details as seemed practicable. Afterward Mr. Hughes announced the selection of Basil Miles, a former chief of the department's Russian division as secretary of the delegation, and made it known that the meeting was taken up largely with a review of the data collected by Government agencies for the information of the American representatives.

Most of this data has been put into the form of monographs on diplomatic, military and naval subjects that are likely to come before the conference. Similar exhaustive complications on other subjects now are in process of preparation and will be supplied to the delegates as their work progresses. In each case the historical background of the subject is included in the exposition, and every military and naval topic discussed is presented in the light of the attending economic and political situation.

A Cozy New Warm Bath Robe

Sounds interesting, doesn't it? We have some unusually good qualities and very reasonable prices.

Bath Robes; in light and dark colorings, in figured and fancy striped designes, strictly tailored. These have the sailor collar in the back, rolling collar in front, finished with pockets, cord and tassel. At $5.00

Mandarin Coats, of warm bathrobing, especially favored by the college girl; these are slashed at the side, trimmed all around with satin ribbon, all collarless effects, finished with Japanese sleeves, in a variety of colors. At $8.50

MOTHER! OPEN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Your little one will love the "fruity" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well playful child again.

Millions of mothers keep "California Fig syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! You must say "California" or you may get an imitation fig syrup.

DANDERINE

Stops Hair Coming Out: Thickens, Beautifies.

35-cents buys a bottle of "Danderine" at any drug store. After one application you can not find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.

FUNERAL OF W. H. BARNETT

The funeral of William H. Barnett, who died Monday afternoon, took place at 4 o'clock yesterday afternoon from the residence of his parents, 1307 King street. Services were conducted by Rev. Dr. E. B. Jackson, pastor of the First Baptist Church, and burial was in Bethel cemetery. Members of the Alexandria Light Infantry and Junior Order of United American Mechanics, attended.

VIRGINIA A. C. DEFEATED

Last Sunday, the Seaman Gunners came down to the Shipyard Grounds and repeated last year's stunt, defeating the Virginia A. C., by the score of 14 to 0. The local team was greatly outweighed by the Navy Yard aggregation, as could be readily seen when the Gunners ploughed the line for great gains. Next Sunday the National A. C., will line up against the Virginians, in what is expected to be an even matched and well contested game. Game will start at 3:00 p. m., sharp.

THE ROSEBUDS VICTORIOUS

The Rosebuds Jr., defeated the Mohawk Jr., Sunday by a score of 31 to 7. Mills, right half back of the buds, was the feature of the game, having scored 4 of the touchdowns. Teh buds are open to meet any 120 pound jr., team in this city and vicinity. Next Sunday the Buds will go up against the strong Irquois eleven of Washington. Any teams wishing games with them, please communicate with Melvin Deavers, 433 North Patrick street, Alexandria, Va. The Rosebuds are 120 pounds.

The Rosebuds midgets defeated the eleven Jews of North Royal street by a score of 18 to 0. Any midgets team wishing a game, communicate with Scott Petitt, 304 North Alfred street, Alexandria, Va.

OFFICIAL
Board of Alderman

At a regular meeting of the Board of Alderman of the city of Alexandria, Va., held October 11th, there were present, F. F. Marbury, Esq., President, and Messrs. Anderson, Rammel, Robinson, Harrison, Wilkins and Batcheller.

Upon motion the privilege of the floor was granted Howard W. Smith, who addressed the Board in the interests of improving roadway and sidewalks on north Fairfax street.

The President requested the joint committee on streets and finance to consider the matter and report at next meeting.

The following was received from Common Council and action concurred in.

A resolution appropriating $2,000 to purchase broken stone for street repairing, was recommended by the joint committee on streets and finance.

A resolution appropriating $1375 to purchase tires and new wheels for Truck Company No. 1 and Reliance Company No. 5, with a proposition from the Goodyear Tire and Rubber Company was offered by Mr. Desmond and referred to the joint committee on fire and finance.

A petition from the Alexandria Light Infantry for permission to carry out plans for a carnival the last two weeks in October was referred to the committee on Finance.

A communication from H. Noel Garner Corporation Attorney, enclosing a bill of $44.93 in the suit of Daisy D. Burton against the city of Alexandria, was referred to the committee on finance.

A resolution to extend the fire limits the full length of west King street, was referred to the committee on fire to consult the corporation attorney.

Application from George L. Rinkliff for the office of city manager under the new form of government was received.

A detailed report from the department of health for the month of September was received and referred to the committee on health.

A communication relating to cooperating with the District of Columbia in cleaning the city before the opening of the conference on limitation of armament commencing November 11th, 1921, was referred to the committee on streets to consult with the city engineer.

A communication from Messrs. Beach and Bros., relating to sanitary boxes and scavenger service was referred to the committee on health.

A communication from the chamber of commerce requesting that signs be placed at the intersections of Alfred and Franklin streets and Patrick and Franklin streets, was received and referred to the committee on streets.

A petition from Sands and Co., Incorporated, to erect garage rear No. 1322 Prince street, was referred to the committee on streets.

Fifty-two resolutions requiring owners of property on certain streets to repair sidewalks in accordance with the provisions of the 33rd section of the city charter, were read and each passed by the following vote. Ayes, Anderson, Rammel, Robinson, Harrison, Wilkins, Batcheller, and Mr. President, 7. Noes, 0.

The board then adjourned.

F. F. MARBURY, President.
GEORGE BONTZ, JR., Clerk.

How to Make Child-birth Easier!

DO YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? *Listen to this:*

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

Mother's Friend is used externally as a massage; and its purpose, thru daily use, is to gradually, gently and effectively relax the muscles and nerves involved in the function of child-bearing; to make the skin soft, pliable and elastic so that it may expand easily and naturally as the abdominal parts enlarge—thereby relieving the tension and strain on these muscles and nerves of the otherwise severe distension before delivery.

Mrs. C. J. Hartman, 513 Palm St., Scranton, Pa., says:

"I am willing and anxious to tell any mother about Mother's Friend. It did me so much good that I wouldn't be without it if it cost $5.00 a bottle. With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I only had a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Many doctors and nurses recommend Mother's Friend. It contains no narcotics, or habit-forming drugs and is perfectly harmless. All drug stores carry Mother's Friend.

WARNING: *Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.*

A First Aid for "Weak Circulation"

Keep the favorite windows warm and safe

Many well-lighted parts of the house are not only uncomfortable but unsafe as well when a cold, raw wind is blowing outside. Cold drafts do get in, somehow. But you can turn them into warm ones with a Perfection Oil Heater.

There are some corners that you just can't seem to warm up with your regular coal heater A Perfection will do it and save "rushing" the furnace for hours at a time.

Too much heat is almost as bad as not enough. Keep the chill out of the house with your regular heating device and then supply the rooms you use most with the cheery warmth of a glowing Perfection.

The Perfection is remarkably light and durable. Put it just where grandmother wants it. It burns for about ten hours with a single filling.

Economize on coal this year by using more kerosene for heating. The price of Aladdin Security Oil is only about half what it was a year ago.

Almost all hardware, housefurnishing and department stores sell the Perfection Heater.

Ask your dealer about the Perfection Oil Heater Contest—$5,000.00 in prizes.

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

Mrs. Mary Lister of Adrian, Mich., adds her testimony to the value of Lydia E. Pinkham's Vegetable Compound to carry women safely through the Change of Life. She says:

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more. It cured me and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms.

Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF VIRGINIA

The United States of America to the use of E. G. Schafer and Co. a Corporation, Plaintiff,
Vs. Action of Debt, Damages $1,200.00.
John K. Turton Corporation, a Corporation, and Fidelity and Deposit Company of Maryland, a Corporation, Defendants.

To the creditors of the John K. Turton Corporation who supplied labor and materials in the construction of buildings for Officers' Quarters, at Marine Barracks, at Quantico, Virginia, under contract between the said John K. Turton Corporation and the United States of America, dated the 19th day of May, 1919:

You are hereby notified that suit was filed on September 29th, 1921, and is now pending, at Alexandria, Virginia, in the District Court of the United States for the Eastern District of Virginia, under the above-entitled caption, for the use and benefit of said E. G. Schafer and Company, and other cerditors who supplied labor or materials in the construction of the said buildings for Officers' Quarters at Marine Barracks at Quantico, Virginia, public buildings, who may intervene herein; and said creditors who supplied such labor or materials are hereby notified of their right to intervene in said cause provided such intervention is filed within one year after January 26, 1921, the date when performance and final settlement of the aforesaid contract was had, and not later, as provided by the statutes of the United States for such case made and provided.

SUNDAY AUTO TRAVEL GREATEST, LEAST TUESDAY AND WEDNESDAY

If you are going on an automobile trip and want to avoid all possible traffic you should go on Tuesday or Wednesday. Such is the conclusion reached from a study of a traffic census taken recently by the Bureau of Public Roads, United States Department of Agriculture, on one of the most traveled roads in the United States. If you want to go at an hour when there will be the least traffic, start betwen 2 and 3 o'clock in the morning.

Traffic increases in amount steadily from Wednesday to Saturday, the census shows, and then jumps into big volume on Sunday. The volume on Sunday is about twice that on Tuesday or Wednesday. On Monday there is a decided drop from the Sunday figures and on Tuesday the lowest ebb is reached.

There is less traffic on the road between 2 and 3 o'clock in the morning than at any other time of day. From 3 o'clock to 5 there is a slight increase; then a steady climb until 11. Between 11 o'clock and 1 there is a slight drop, and then an increase again until the peak is reached between 2 and 3. After 3 o'clock traffic drops slightly until 7 when the decrease becomes more pronounced. By midnight traffic has almost reached its lowest point.

Ninety per cent of the day's traffic, the census shows, rolls over the road between 7 a. m. and 9 p. m., and 52 per cent between 1 p. m., and 8 p. m.

FIRE PREVENTION

(For the Gazette)

Fifteen thousand persons were burned to death in the United States last year.

Property loss, by fire, last year, reached the enormous total of $500,000,000, more than double that of any previous year in our history.

The United States half billion dollar fire loss in 1920 does not include the stupendous destruction of forestry, 90 per cent of which is due to carelessness.

The national fire waste, amounting to about $1,500,000 a day, is paid for by every citizen of the nation, for the cost of insurance goes into the price of each article to the consumer.

One of the appalling facts relating to fire prevention efforts is the discovery that only one man out of every 200 has applied the knowledge of safety he has used in his factory to his home.

Because of carelessness or thoughtlessness more than five public schools burn each day in the United States.

Increase fire losses require increased insurance rates. The reduction of preventable fires would, unquestionably, bring reduction in insurance rates.

Fire loss, which experts declare could be amazingly reduced by the elimination of carelessness and thoughtlessness, brings the largest and most unnecessary leakage of the country's resources.

More than 20,000 forest fires were caused by campers last year and 76 per cent of these were due to smokers' carelessness.

A survey by the National Board of Fire Underwriters has shown that more than 90 per cent of the school buildings in the United States are more unsafe, either structurally or in maintenance, than the Collinwood, Ohio, school, which when it burned, May 4, 1908, caused the death of 173 pupils and 3 teachers.

Do You Look Forward To a Good Night's Rest?

Do you regularly anticipate a refreshing sleep? Or do you dread going to bed, only to stare, sleepless, at the walls? The difference between sleeping and staring is simply a matter of nerves.

When your nervous system is in a sound condition, you are certain to sleep well. But when your nerves are worn out and beyond your control, your rest is broken and your awakening leaves you languid and irritable.

Doctors know that much of the nerve disorders result from tea and coffee drinking. The drugs in these drinks over-stimulate, often causing the serious ills which result from disturbing the regular bodily functions. It is for your health's sake that many doctors now say you should quit tea and coffee. Drink Postum, the delicious meal-time beverage instead! In flavor it is much like coffee.

Postum is fundamentally a nerve strengthener because it lets you get sound, restful sleep. Postum is a skilfully-made cereal beverage, and the secret of its popularity is its protection to health and its delicious flavor.

Ask your grocer for Postum. Drink this hot, refreshing beverage in place of tea or coffee for 10 days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum *for* Health

Made by Postum Cereal Company, Inc., Battle Creek, Michigan

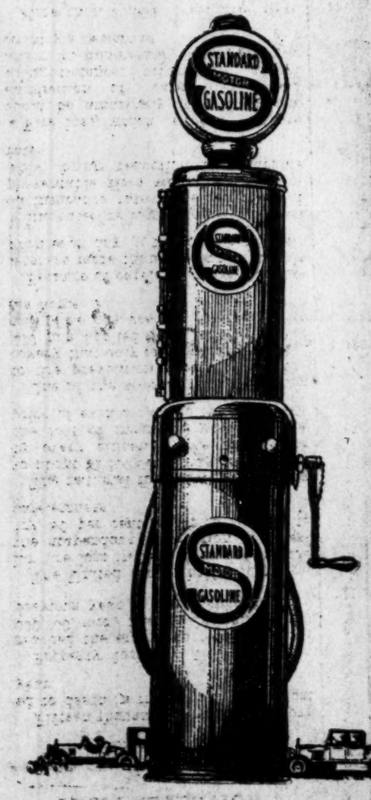
Take the Guess out of your "Gas" Tank

IN cold weather or hot you know just what your motor will do on a diet of "Standard" Motor Gasoline. You don't have to wonder whether she'll start promptly. You *know* she will. There's no guesswork about how far you can go on five gallons.

"Standard" Motor Gasoline doesn't just happen to be good. Scientific selection of crude oils, perfected refining processes, and tests throughout every manufacturing stage *produce* the uniformity and excellence of every gallon of "Standard" Motor Gasoline.

In every property that affects motor operation—volatility at low temperatures, freedom from corrosive acids, cleanness and burning qualities—"Standard" Motor Gasoline is an improved gasoline, a *balanced* motor fuel that assures the utmost economy and efficiency.

Drive in where you see the familiar "S. O." sign. Get a tankful of "Standard" Motor Gasoline to-day. Notice how quickly your car starts, how easily she takes hard hills. Measure your mileage. You'll soon take the guess out of motoring and cut the costs down.



P. S.—*Good oil is fully as important as good gasoline. You can save repair bills by using POLARINE.*
